

Proposed Floor Plans

A gathering place

Floor Plans

FIRST FLOOR

A gathering place

Retaining the original configuration of the house, the First Floor grand entrance begins at the elegant, curved front porch. The front entry hall will feature the original woodwork and wood floors and the main stairway will be restored.

Events will be hosted in the North, East and West Parlors as well as the Dining Room. The kitchen will be updated and expanded to support catering.

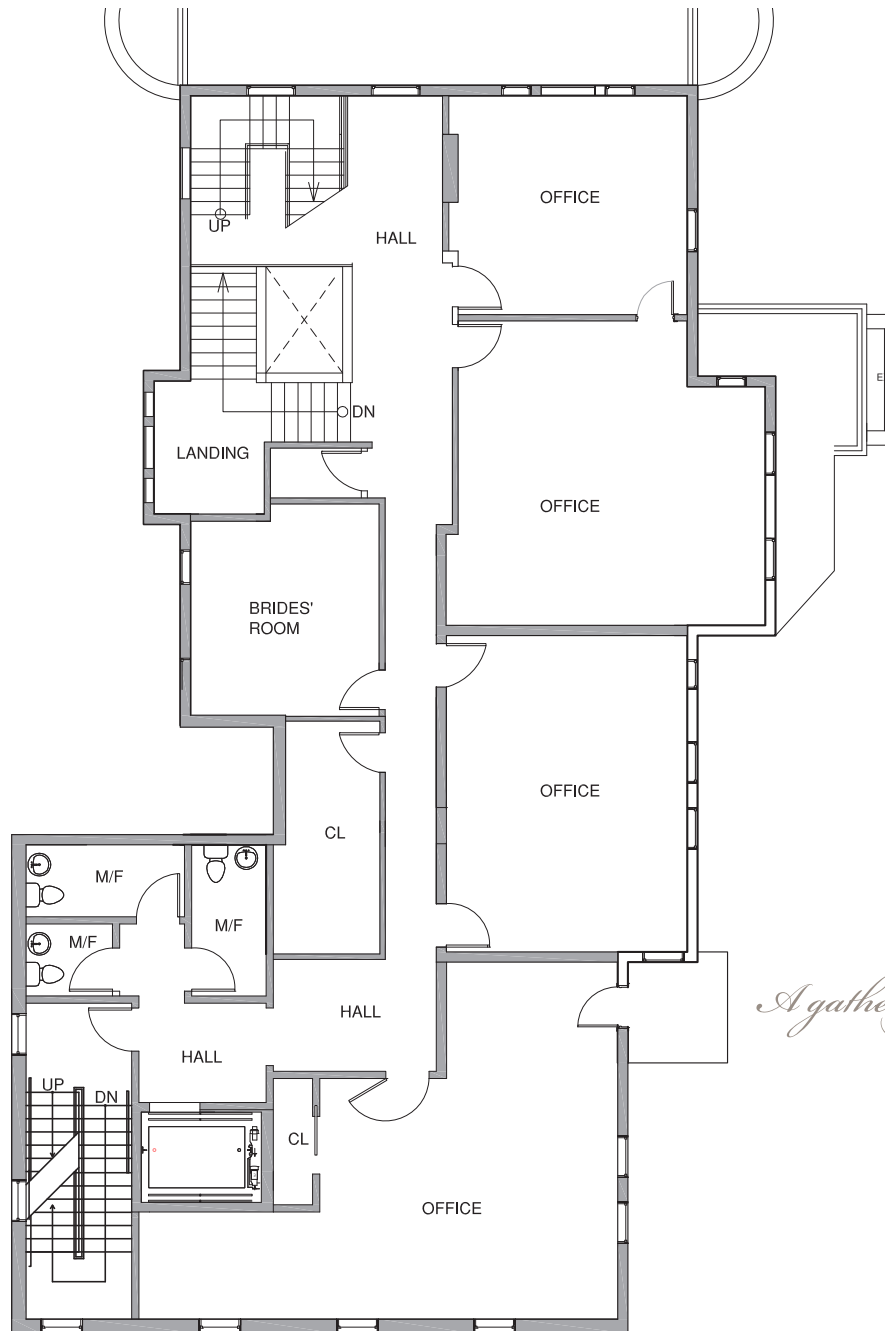

Floor Plans

SECOND FLOOR

Divided into professional offices for non-profit organizations to lease, the Second Floor will also include a bridal room for weddings.

The addition off the rear of the structure will include an elevator, a second set of stairs and new bathroom facilities on all three floors.

A gathering place

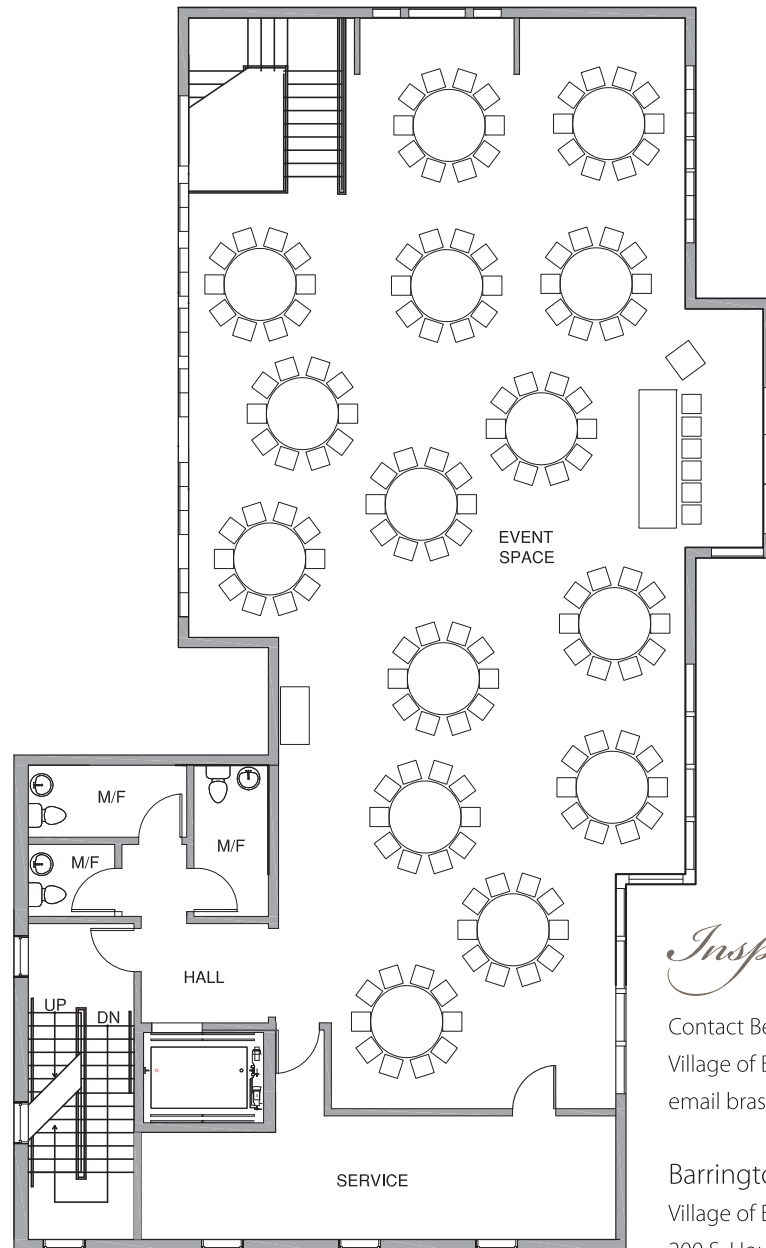

Floor Plans presented are proposed and may not reflect the final design and construction. Plans display the anticipated format for the rooms, enhancements and amenities.

Floor Plans

THIRD FLOOR

The third floor space will be completely remodeled. The remodel will expand the ballroom, originally occupying the front of the house on the third floor, to the entire length of the house. There will also be a staging area for caterers. The new ballroom will be able to accommodate seated parties of 150 people.
